

Leftover Salad Soup

Carol Schindhelm

Ingredients

about 3 cups leftover tossed salad

1 cup canned or fresh chicken stock

salt and pepper

sour cream

chopped fresh herbs:

basil
chives
parsley

Directions

Use leftover salad with whatever greens and vegetables are in season.

Process leftover salad in blender or food processor with 1/2 cup stock.

Add remaining stock and season with salt and pepper to taste; chill.

Garnish with sour cream and desired herbs.

Serves four.

Comment

Not only a great way to use leftovers, but useful during our bounty of spring greens! The look and taste of the soup changes as the season progresses with whatever vegetables are included in the salad - sweet onions, radishes, and peas in the spring, and beans, carrots, colorful peppers, tomatoes and basil in mid-season. It's also quick and simple!
